Women & Philanthropy at UCLA recognizes the need for women to be widely represented throughout the UCLA community as major donors, leaders and decision makers.

We are committed to the idea that philanthropy, when thoughtfully directed, can make profound changes in the lives of others.

**Women & Philanthropy cordially invites you to attend**

**Operation Mend: Healing the Wounds of War**

Operation Mend is a unique program established to treat U.S. military personnel wounded during service in Iraq and Afghanistan and to provide them with access to some of the world's top specialists in medical care. This extraordinary collaboration between the surgeons and staff at UCLA Medical Center, ranked among the top three hospitals in the country by U.S. News & World Report, and Brooke Army Medical Center, a leading burn and rehabilitation center in San Antonio, Texas, was envisioned by noted philanthropists Ronald A. and Madelyn R. Katz. Ron is a member of the Board of Advisors at the UCLA Medical Center, and Maddie is a member of the Board of Directors of Women & Philanthropy.

**Clinical nurse specialist and Operation Mend case manager Patti Taylor presents a “quilt of valor” to Marine Cpl. Aaron Mankin and his daughter Maddie. Every veteran treated in the program is given a quilt made by the nurse and her local community group Patches Fabrics.**
